NOC 7312

FARM EQUIPMENT TECHNICIAN (A.C.A., non-restricted certified trade)

WORK DESCRIPTION

What would I be doing?

Farm Equipment Technicians repair, overhaul, and maintain mobile heavy-duty equipment used in landscaping, land clearing, farming, and similar activities. They perform the following tasks:

- check bulldozers, tractors, graders, combines, plows, spreaders, planters, sprayers, and other heavy equipment for proper performance, and inspect equipment for faults and malfunction,
- adjust, repair or replace defective parts, using hand and power tools,
- clean and lubricate, and perform other tasks to make the equipment safe and functional,
- use specialized electronic equipment for diagnosis.

Farm Equipment Technicians normally work a standard 40-hour week. They may work shifts including weekends and holidays. They work both indoors and outdoors and need to have a strong physical stamina. Sometimes they will perform tasks on site, on a farm.

PLACE OF WORK

Who needs Farm Equipment Technicians ?

- dealerships,
- repair shops,
- landscaping companies.

CONDITIONS OF WORK

Farm Equipment Technician is a non-

restricted certified trade.

A person does not have to have a valid Certificate of Qualification to work in the trade but registration as an apprentice is recommended. An apprentice **may** be paid wages.

SALARIES/WAGES

The salary depends on the employer, years of experience, and level of training. In unionized places the wages and conditions of work are negotiated collectively.

In the Elgin, Middlesex and Oxford area, Farm Equipment Technicians can earn \$ 16.89 - \$ 20.07 per hour, averaging \$ 18.97 per hour.

PROSPECTS of EMPLOYMENT in the Elgin, Middlesex and Oxford area

RATING: *good*

Growth in the Farm Equipment Technician trade is largely controlled by the economy.

APPRENTICESHIP IN THE FARM EQUIPMENT MECHANICS TRADE

- takes about 4 1/2 years or 9 000 h, including 720 h of in-school post secondary training; prior education and experience may shorten the time to complete all the competencies,
- must complete the apprenticeship to receive a Certificate of Apprenticeship and can write a Provincial Qualification Exam for a Certificate of Qualification with journeyman status,
- offers an Interprovincial Trade Certification (Red Seal).

In-School Education:

An OYAP student must be 16 years old and completed Grade 10 (or equivalent).

Otherwise, all apprenticeship applicants must successfully complete Grade 12 (OSSD) or equivalent. The following competencies are valuable:

English, Science, *Communication and planning skills,*
Mathematics, *problem-solving skills*

Transportation Technology

OYAP students must be full-time students in high school and those who obtain apprenticeships will complete the apprenticeship curriculum in college or an approved Training Delivery Agent.

Specific skills learned in school are:

safety, welding, motive power suspension systems, motive power engine systems, motive power electrical, electronic and fuel systems, motive power gear train system, stirring and brake systems.

On the Job Training

- As a high school Cooperative Education credit (towards O.S.S.D.), learning is connected to one of the school subjects.
- The Apprentices must follow a program in the **Apprenticeship Training Standards** book which is given to them in the workplace when they register. As each competency is achieved the employer signs it off.

OPPORTUNITY TO GROW

A Certificate as a journeyman is not needed to start working as a Farm Equipment Technician but apprenticeship is recommended. After becoming a journeyman a mechanic may:

- become a foreperson or a supervisor,
- work in related areas or occupations.

RELATED OCCUPATIONS

- Automotive Service Technician,
- Aircraft Maintenance Technician,
- Crane Operator, Mining Machine Operator.
